

ELEMENTARY SCHOOL : K - GRADE 7

SEXUAL HEALTH EDUCATION LESSON PACKAGE

An all-in-one online solution for elementary schools and school districts to help teachers deliver the Physical and Health Education Curriculum (**mandated by the Ministry of Education**). Video lessons, posters, and PDF resources for all eight topics are included.

Topics in this 10-part series include:

1. **Private Body Parts (K-3)**
2. **Safe/Unsafe/Secret Touch (K-3)**
3. **Digestive/Reproductive Systems (Grade 2/3)**
4. **Consent (Grade 2-4)**
5. **Puberty (Grade 3-7)**
6. **Hygiene (Grade 3-7)**
7. **Relationships (Grade 7+)**
8. **Gender & Sexual Orientation (Grade 6+)**
9. **Sexting (Grade 6+)**
10. **Condom Demonstration (Grade 6+)**

Myth-busting time! Sexual health education does NOT break a child's innocence or "give them ideas". When kids have to learn this alone, they become more vulnerable to predators, grooming tactics, and staying silent if there has been abuse.
